

# Gulf Thoracic

مؤتمر الخليج لطب وجراحة الصدر

## DUBAI 2018

14-17 MARCH | INTERCONTINENTAL - FESTIVAL CITY

The 9<sup>th</sup> Annual Congress of Saudi Thoracic Society in Collaboration with Emirates Allergy and Respiratory Society

## Thoracic Imaging: From Basic to Advanced Workshop

PROGRAM DIRECTOR: **Dr. Mashael K. Al Rujuib**

Date: Wednesday, 14 March 2018 | Time: 14:30-19:00 | Meeting Room: Al Majlis

### CONDUCTED BY:

**STIG**  
Saudi Thoracic Imaging Group  
المجموعة السعودية للشفة الصدر

### GENERAL:

- Attendance is limited to **50** participants.
- Pre-registration is required, seats are limited, will be reserved on first come first served basis.
- Registration is **FREE** for all who register for the *GulfThoracic* Congress 2018, please present your congress badge. (Note: Students are not eligible for the pre-congress workshops.)

### OBJECTIVES:

- At the end of this workshop, participants are expected to:
- Identify important diagnosis not to be missed on chest CXR.
  - Identify various presentations of mycobacterial infections in the thorax.
  - Learn the diagnostic approach of pulmonary Fibrosis.
  - Identify various types of lung nodules and the diagnostic workup.
  - Identify imaging features of acute chest emergencies.
  - Identify various diseases mimicking asthma and COPD.

### TARGET AUDIENCE:

- Radiologists
- Pulmonologists
- Thoracic Surgeons
- Anesthesiologist
- General Practitioners

### RATIONALE:

Chest imaging using chest radiograph (X-ray) and Computed Tomography (CT) have been the main stay of diagnosis in various infectious, inflammatory and neoplastic diseases. While, chest X-ray is the primary imaging modality for patients with various clinical presentations. Chest CT on the other hand is preserved for more detailed assessment of abnormalities seen chest X-ray or when the chest X-ray fails to explain the clinical presentation.

Radiologists, clinicians and surgeons need to be familiar with imaging features of important diseases of the chest and further workup

# Thoracic Imaging: From Basic to Advanced Workshop

## FACULTY:

**Mashael K. Al Rujaib, MBBS, FRCR, DABR, FRCPC**  
Consultant Radiologist and Associate Professor,  
Alfaisal University  
Radiology Department,  
King Faisal Specialist Hospital & Research Centre  
*Riyadh, Saudi Arabia*

**Amr M. Ajlan, MD**  
Assistant Professor and Consultant Radiologist  
Cardiothoracic Imaging Unit,  
King Abdulaziz University Hospital,  
King Abdulaziz University,  
*Jeddah, Saudi Arabia*

**Prof. Jung-Gi Im, MD, PhD**  
Professor Emeritus, Seoul National University  
Consultant, Department of Radiology,  
Sheikh Khalifa Specialty Hospital  
*Ras Al Khaimah, UAE*

**Donya A. Al-Hassan MBBS, SSC-RAD, EDiR**  
Consultant Radiologist and CardioThoracic Imager  
Radiology Department, King Fahd Military Medical  
Complex  
Board Member of Radiology Society of  
Saudi Arabia(RSSA)  
*Dhahran, Saudi Arabia*

**Naghma Erum Nawaz, MD**  
Consultant Radiologist,  
Sheikh Khalifa Medical City  
*Abu Dhabi, UAE*

**Abdulmunhem Obaideen, MD**  
Associate Professor of Radiology,  
University of Sharjah  
Head of Medical Diagnostic Imaging  
Sharjah University Hospital  
*Sharjah, UAE*

## PROGRAM:

TIME	TOPIC	FACULTY
14:00 - 15:00	Registration	
15:00 - 15:05	Welcoming Remarks	Mashael Al Rujaib - KSA
15:05 - 15:30	Management of Incidental Pulmonary Nodules: Fleischner Society Guidelines	Mashael Al Rujaib - KSA
15:30 - 16:00	Imaging of Pulmonary Tuberculosis and Non-Tuberculous Mycobacterial Infection	Jung-Gi Im - UAE
16:00 - 16:30	Acute Chest Imaging	Abdulmunhem Obaideen - UAE
16:30 - 17:00	Approach to Lung Fibrosis	Donya Al Hassan - KSA
<b>17:00 - 17:30</b>	<b>COFFEE BREAK</b>	
17:30 - 18:00	Top 10 Diagnoses Not to Miss on Chest X-Ray	Amr Ajlan - KSA
18:00 - 18:30	Mimics of Diagnosis of Asthma and COPD	Naghma Nawaz - UAE
18:30 - 19:00	Rare Chest Imaging Presentations	All Speakers
19:00	Closing Remarks	Mashael Al Rujaib - KSA
