COLLABORATORS:

ABOUT US:

The *GulfThoracic* Congress 2020 is the tenth annual meeting of the Saudi Thoracic Society (STS), in collaboration with Emirates Thoracic Society (ETS), American Thoracic Society (ATS), European Respiratory Society (ERS), and American Association for Respiratory Care (AARC). With special participation from The Cleveland Clinic Foundation (CCF), USA, The Royal Brompton and Harefield Hospitals (RB&HH), UK, and Saudi Society for Respiratory Care (SSRC).

GT2020 will be held at the InterContinental-Dubai Festival City, UAE on 11-14 March 2020.

This year, GT2020 will be featuring once again the Medical Students Forum (*MSF2020*).

As usual, for the main program the Scientific Committee is planning a very comprehensive Scientific Program catering for all specialties of Pulmonary/ Thoracic Medicine covering state-of-the-art Lectures, Update Presentations, Workshops, Panel Discussions, Interactive Sessions, Master Clinician Sessions, Challenging Clinical Cases, and Research Abstract Presentations.

WHO SHOULD ATTEND:

All specialties related to Thoracic Medicine which includes but not limited to: Pulmonologists, Thoracic Surgeons, Allergists & Immunologists, Intensivists, Respiratory Oncologists, Internists, Physicians, Radiologists, Pharmacists, Scientists, Respiratory Care Specialists, Technologists, Nursing Staff, Medical Students, as well as advocates and Researchers in Public Health and Health Promotion including Environmental and Occupational Health.
